

## Technical Seasonalities

**eResearch Corporation** is pleased to provide technical opinions on the market from a seasonality standpoint, courtesy of **Equity Clock**, a division of the **Tech Talk Financial Network**. **eResearch** also posts, daily, the regular technical opinions provided by affiliate: **Tech Talk: TimingTheMarket**, for which there is a link below.

### Stock Market Outlook for Thursday, March 9, 2017

**HEADLINE: The above average rise in gasoline product supplied may help to support the energy market into the spring.**

#### The Markets

... The EIA indicated an 8.2 million barrel build in oil inventories in the latest week, ... The supply shock took the floor out from beneath the price of oil, which broke below the widely followed level of support at \$52. The break of the approximately \$3 trading range that spanned the last few months projects downside potential to around \$49, which, if realized, would intersect with the rising 200-day moving average, a critical level of support for the long-term trend. ... weakness in the price of oil should remain fairly shallow and relatively short-lived. <... **MORE: click link below** ...>
