**eResearch Corporation** is pleased to provide technical opinions on the market from a seasonality standpoint, courtesy of **Equity Clock**, a division of the **Tech Talk Financial Network**. **eResearch** also posts, daily, the regular technical opinions provided by affiliate: **Tech Talk: TimingTheMarket**, for which there is a link below.

### **Stock Market Outlook for Thursday, March 23, 2017**

**HEADLINE: Days of supply of oil back to all-time high and price back to multi-month low.**

#### **The Markets**

Stocks attempted to stabilize on Wednesday following the largest one-day decline in five months. The S&P 500 Index added just less than two-tenths of one percent with consumer staples, financials, and energy dragging upon the upward bias. Investors remained focussed on the price of oil following the latest weekly petroleum inventory report. The Energy Information Administration (EIA) reported that oil inventories increased last week, rising by 5.0 million barrels. Gasoline, meanwhile, realized a 2.8 million barrel draw. <... **MORE: click link below** ...>
