**eResearch Corporation** is pleased to provide technical opinions on the market from a seasonality standpoint, courtesy of **Equity Clock**, a division of the **Tech Talk Financial Network**. **eResearch** also posts, daily, the regular technical opinions provided by affiliate: **Tech Talk: TimingTheMarket**, for which there is a link below.

### **Stock Market Outlook for Wednesday, March 29, 2017**

**HEADLINE: House prices record the strongest start to the year since 2006.**

#### **The Markets**

Stocks jumped on Tuesday as investors took advantage of the recent dip in prices to accumulate positions in beaten down sectors before the end of the first quarter. The S&P 500 Index continued its bounce from its 50-day moving average, rebounding back towards previous short-term support around the 20-day average. Cyclical sectors, mainly financials, energy, materials, and industrials, were the beneficiary of the market rally, while defensive sectors, such as consumer staples, health care, and utilities, closed flat on the day. <... **MORE: click link below** ...>
