**eResearch Corporation** is pleased to provide technical opinions on the market from a seasonality standpoint, courtesy of **Equity Clock**, a division of the **Tech Talk Financial Network**. **eResearch** also posts, daily, the regular technical opinions provided by affiliate: **Tech Talk: TimingTheMarket**, for which there is a link below.

### **Stock Market Outlook for Thursday, February 22, 2018**

**HEADLINE: Need evidence of inflationary pressures curtailing activity?  
Existing home sales have been showing this for the past year.**

#### **The Markets**

A reversal day for stocks saw the S&P 500 Index end lower by just over half of one percent as treasury yields hit a four-year high following the release of the latest Fed minutes. The yield on the 10-year treasury note is around five basis points away from the psychologically important 3% level, an important pivot point that if broken would complete a longer-term double bottom pattern. Upside target of the bullish setup points to around 4.5%, a level not seen since 2007, ahead of the financial crisis. Historically, levels above the 4% to 5% range have ... <... **MORE: click link below** ...>
